Thank you

To everyone who was involved and poured their emotions, hard work and creativity into this project - I thank you with all my heart. Thank you to everyone who trusts my creative vision and believes in me as an artist. To my longtime collaborators and to my new collaborators (producers, artists, co-writers, mixers, photographers, hair and make up teams, creative teams, graphic designers) I am so inspired by you and I am so grateful that you chose to step into my world for a second. As always, collaboration is a huge part of what I do and this album would be nothing without the vision of all the other people who helped make it. FOR REAL.

Special thanks to ACook - thank you for pausing your life for me and working so insanely hard to create and finish this album with me. Sorry about the cats. Also a huge thanks to Twiggy, Sam and Brandon (omg I love you all). Thank you to music industry ICON Ed Howard. To Huck. To Atlantic. To Jed. To my mum and dad, coz I'm not sure I've ever thanked them before and I'm pretty sure they're probably the only people who actually read this bit.

Finally, thank you to the angels. You've got me and I've got you. Forever. I'd like to dedicate this album to Billy Clayton. Billy, I know for a FACT your favourite song would have been the one with Sky!!!
We all miss you.
